
WHO WE ARE

The Friends of Nahanton Park, formed in 1985, collaborated with the City of Newton and landscape architects to create a plan that would secure and protect this valuable open space—and has been engaged with its stewardship ever since.

Today, we are a growing group of citizens and business owners who are enjoying and protecting a civic treasure, Nahanton Park. We are walkers, gardeners, birders, boaters, fishers, student athletes, seniors and strollers who use the host of recreational opportunities offered by the park's large expanse. We are also professionals whose companies and employees benefit from the proximity of healthy green space.

The Friends offers voice to those park constituencies who cannot speak for themselves: the incredible species of plants and wildlife that enrich our quality of life every day. Our goal is to see that the needs of all of the varied users of Nahanton Park are met and a healthy balance maintained.

OUR MISSION

The Friends of Nahanton Park, a volunteer group of public-spirited citizens, works with the City of Newton, area residents and businesses and all users of the park to protect and preserve this unique natural resource.

THE PARK

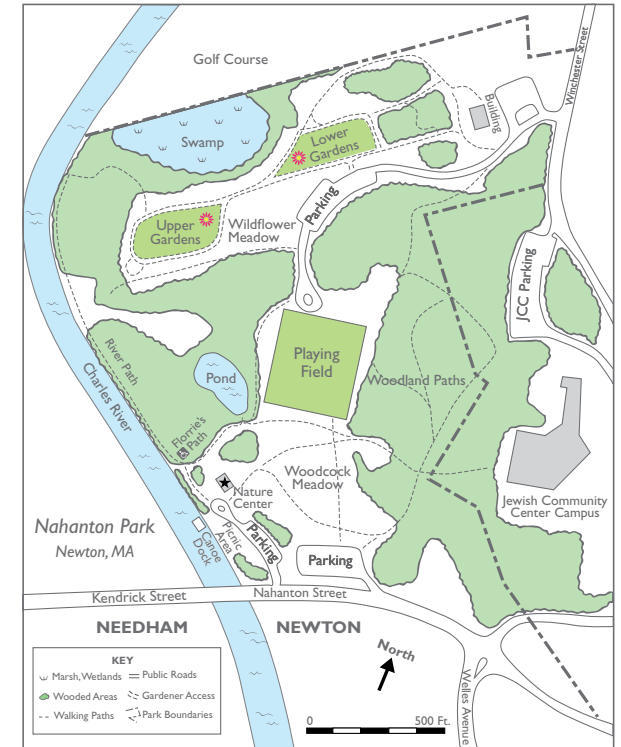

Located in Newton's southwest corner and accessible from 525 Winchester Street and 455 Nahanton Street, Nahanton Park in its current configuration dates from 1981 and supports some 55 acres of unique habitat including a varied environment of meadow, woods, wetlands, a pond, a large soccer field, and a beautiful woodland path for the disabled that borders the Charles River. For a list of current walks and other activities, go to www.nahantonpark.org.

Special Features:

- Walking and Jogging Trails
- Florrie's Path (a wheelchair accessible path to the Charles)
- Canoeing/Boating Dock
- Fishing
- A Soccer Field
- Community Gardens
- A Nature Center and Nature Camps
- A Great Birding Experience!
